

Super-Mum

“Our number one hero.”

We Are Greatly Affected By Our Mothers

They say that mothers are the most active person in the first 7 years of a child's life, more so than fathers.

Parents transmit into their children either negative or positive tendencies.

Proverbs 1:8 (niv) *Listen, my son, to your father's instruction and do not forsake your mother's teaching.*

Proverbs 6:20 (niv) *My son, keep your father's commands and do not forsake your mother's teaching.*

Standout Qualities of a Super-Mum!

... The Quality of Sacrifice.

Mothers have the ability to lay down their own ambitions for the sake of their child. They intuitively decide to go without to see that her child is taken care of.

... The Quality of Love.

If the father is to be the head of the house; the mother is the heart of the house.

Love is really alive when it is giving and patience means we make allowances for the faults of another person.
