

12 May 2020

Dear WPCCC Inc Member

Who would have thought that 2020 be the year that Government will tell the church to close the building and restrict our gathering. COVID-19 has already made significant changes to every part of our life and how we live. Even after the virus crisis has settled there will be changes in the way we can gather to meet for church.

The announcement by our Prime Minister on Friday 8 May has indicated a three stage process that will ease restrictions and have us meeting again soon. Over the next few weeks our Eldership will start discussions and put in place the plan of how our church will gather for Sunday Service.

As gatherings are currently still restricted we are unable to hold our AGM on Sunday 24 May 2020. We have asked for permission to postpone the meeting for later in the year which has been approved.

Our AGM will now be planned for Sunday 12 July 2020 starting at 5pm at Waurnd Ponds Community Church. This meeting will cover all the same business as previous AGM's and will include an update of any future changes.

If restrictions do not allow large gatherings in July, the meeting may be postponed again if allowed or an alternative meeting using a form of technology. This will be communicated if there is any future change.

Please keep praying for our church and our people as we continue to work through this crisis. Let's not give up believing that God has everything in hand. He is truly a great and awesome God!

If you have any questions or comments they can be emailed and we will do our best to help you.

Yours in Christ,

Dave Manning
Senior Pastor
